So you want do a: PacBio RNAseq Experiment

Friday Sept 27, 2024

11:00 - 12:00

Genentech North 114

Followed by PacBio Coffee hour

This FREE seminar is intended for those who are interested in and/or are in the planning stages of conducting a long-read RNA-Seq (bulk or single cell) experiment.

- Experimental Design
- Long-read sequencing vs. short-read sequencing
- What is PacBio Kinnex
- Cost estimation
- Basics of Data processing
- Differential Gene Expression Analysis
- What do you gain? long-reads vs short-reads
